The student's artwork has been sent off to be printed and should be back in about four weeks. We will let you know when they have arrived.

- **SouthSci:** Observations and trapping continued this week along with the students recording the data from the observations and anything caught in the traps. We are still catching and measuring pests. Our Fisher and Paykel mentors will be back at school in Week 5 to hold workshops. These will be to demonstrate ways to make estimations based on the data we have collected and show the students how to present their data.

- **Athletics:** Over the past three weeks the students have been practising the skills involved in the events that will take place next week at our Senior School Athletics day. If you would like to help out on the day please get in touch.

- **EnviroSchool Celebration:** A group of students from Room 1 and 3 went to the EnviroSchool Celebration to collect our Silver award on Thursday this week. The students showcased presentations of the actions taken at Hunua School that have been part of our Enviro Journey over the past few years on our way to Silver. They made us very proud as they represented Hunua School extremely well.
