## SCHOOL AG DAY

### online

We are going to capture Ag Day 2021 online.

It will be a celebration of what makes Ag Day so special and the hard work our students put into caring for their animals and our natural environment.

So keep up the great work with all of your animals, rural assignments and Hobbit holes.

Ag Day will be going ahead - *but it will look a little different.*

The biggest change is for those who are rearing animals. There will not be rearing, calling or leading categories – instead it's fancy dress and fun that will be the criteria for the judges this year.

## Calves, Lambs, Kids & Small Animals

We want you to capture the great relationship you have with your animal by using video and photography. It is all about having fun with your pet.

Below is the criteria for submitting your entries:

### 1. Video Entry (Maximum 2 minutes in length)

Some of the things you could tell us about your animal are:

- The name of your animal
- The age of your animal
- What does your animal like to eat?
- What are some of the strange or interesting things that your animal does?
- Tell us a funny story about you hanging with your animal.

### 2. Photo Entry

Submit photos in the categories below – Remember it's all about the fun!

- Smoochiest Pet
- Fancy Dress

## Hobbit Holes, Rural Assignments, Chickens & Small Animals

### Diary Submissions only - include photos

Keep watering those plants, creating your epic Hobbit holes and caring for those animals. Remember to document your progress in your diary with lots of photos and include all the details. Only the diary will be submitted for judging this year so make it amazing!

### Conditions of Entry:

- All category submissions to be received by **30 October 2021**.
- All photos to be uploaded in Google Slides. Your teacher will send you the links.
- All videos to be submitted via Youtube link to: [admin@privateer.net.nz](mailto:admin@privateer.net.nz)
