Hunua School Newsletter

Tena koutou Haere mai Mālō e lelei Fakaalofa lahi atu

Welcome Back to school & thank you to:

- **Hunua School Kids.** You have had a lot of changes over a very short time. One minute you were in your classes as usual, the next minute you were at home in family Bubbles. You didn't even get the chance to say goodbye to your friends or teachers properly! This week you have had a chance to catch-up with people. It has been so fantastic having the sound of your voices back at school, your huge smiles, and your understanding about all the washing and cleaning.
- all the **essential workers** who kept things going for our communities - it won't have been easy for you!
- all **our families** for your efforts as support staff, teachers, & mentors for your children. It has not always been an easy time for you. Some have been juggling work and children. Some of you have been coming to terms with the loss of jobs or reduction in hours. Others have lost family members. I hope that through all of this, you all had the opportunity to enjoy sharing experiences with your children that time may not have otherwise allowed.
- **our teachers** - it was a sudden change for you all, a totally different way to share learning. You all managed to look after your 'school family' and your own home family ... and still kept on top of the constant challenges that the changes in Alert Levels created.
- **Donna & Megan** for coming into school during Alert Level 3 to help to get things ready.

All our teachers are special and cool. Alert Level 3 created a whole new set of challenges for Helen, Merlyn, Bron & Aimee. They joined me back at school and were looking after "Bubbles". This meant that they were helping children from other classes (their awesome Bubble Buddies) to do the online work their class teachers were setting, as well as still keeping the online learning going for their own classes. It was tough for Nola, Lynnette, Renae, Nick too. They would have been back for Level 3 but had the sense to stay away when they needed to.

Now the whole team is back - the kids, our parents & whanau (at the gate, thank you), Megan, Donna, Mr Gary, Mel Taylor, Helen, Merlyn, Nola, Renae, Lynnette, Aimee, Bron, Nick. We will be doing our best to keep your children safe and happy.
